

## Initial Meeting:

Topic: Yves Saint Laurent

Notes:

- Want a microsite timeline that focuses on three stages of his life:
  - His early life
    - This can be really short, quick background info
  - After he started pursuing his fashion career
    - This can also be relatively short, but with a bit more content and some of his early works.
  - What he did after him and Pierre Bergé (his partner) established the brand Yves Saint Laurent.
    - There's a looooooot that happens here, so we'll mostly focus on works that were influential
    - Can build a little gallery view here--when you click into each work an overlay pops up or something, so visually it doesn't look like there's a lot of content.
- Also, instead of one super long page we can also just do three different pages, the first two will just be super short and mostly focus on the third one (we can do the gallery view here too)
